Uses & Applications for ConcenTrace®

Your Body Needs ConcenTrace®

Your body is an intricate circuit board of electric charges and impulses. In order for it to stay balanced and perform at optimum efficiency, you need to constantly replenish yourself with the minerals and trace elements found in ConcenTrace®.* If you are one of the 90% of Americans experts estimate suffer mineral imbalance or deficiency, your body is lacking these essential elements, causing your body to misfire so you feel rundown and tired.*

Power up with ConcenTrace® from Trace Minerals Research. It's highly concentrated and contains over 72 ionically charged trace minerals that have been extracted from the world's oldest inland sea, the Great Salt Lake. ConcenTrace® is the perfect solution for replenishing your body with the nutrients you need to maintain optimum health.*

An All-Natural Solution of Living Minerals

ConcenTrace® is extracted directly from a natural source that took thousands of years to create. Over these thousands of years, the minerals in ConcenTrace® have been broken down to their most natural state where they have become naturally charged, living minerals that are bioavailable and soluble in water.* In addition, the solution is in precisely the same proportion as healthy human fluids without synthetically produced compounds or deadly heavy metals.

The ionic minerals in ConcenTrace® also have the power to maintain and even improve the pH balance in your body.* By preventing excessive fluctuations in acid-base balance, the body may be more apt to heal itself from chronic forms of illness.*

ConcenTrace® is so essential to human health that you'll find it in every one of our quality products. ConcenTrace® is the perfect way to replenish your body with all the elements you need to plug in and recharge.*

ConcenTrace® Trace Mineral Drops

Lithium	395 mcg	†
Boron	370 mcg	†

† Daily Value (DV) not established.

Ingredients: Ionic sea minerals from the Great Salt Lake in Utah, USA. Contains no other added ingredients.

This product contains over 72 ionic trace minerals in varying trace amounts as found in seawater, including those listed above as well as the following: Calcium, Silicon, Selenium, Phosphorus, Iodine, Chromium, Manganese, Iron, Copper, Molybdenum, Zinc, Vanadium. For additional information, including a complete list of trace minerals contained in this product, please visit www.traceminerals.com. **CERTIFIED VEGAN.**

Allergen Info: contains no known allergens. **GLUTEN FREE.**

Suggested Use: Begin regimen by taking ¼ teaspoon (20 drops) for 3 consecutive days. Each day thereafter, increase serving by 5 drops up to ½ teaspoon (40 drops) once or twice daily. Mix with any beverage or food at mealtimes to mask the concentrated mineral flavor followed by a glass of juice or water.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

- Bone, Joint & Health**—Taken as directed, many people have experienced dramatic results in improving and strengthening bones, joints and teeth, and eliminating unwanted calcium deposits.*
- Re-Mineralize Distilled Water**—1/4-1/2 teaspoon per gallon for fresh spring water taste.
- Electrolyte Replacement**—Increased energy, vitality, and improved health by replacing and balancing soluble minerals in the body fluids. Soluble minerals are the electrolytes which conduct the body's electrical energies.
- Maintain pH Balance in the Body**—The most important nutrients in our bodies for maintaining acid-base balance are minerals like those found in ConcenTrace®.
- Hair and Skin**—Use internally to nourish from within, externally as a rub (Very concentrated. Must be diluted. Keep out of eyes or areas of broken skin unless highly diluted).*
- Helps Normalize Bowel Functions**—Cleansing.*
- Calcium Assimilation**—Reports show that calcium assimilates much better when taken with magnesium. ConcenTrace® is high in magnesium.*
- Circulatory Health**—Minerals play important roles in decalcification, antioxidant and cleansing functions in the body. The heart requires magnesium with every beat. Potassium is used to contract the heart muscle.*
- Vitamin Enhancement**—Complete nutrition is more power nutrition. Vitamins without minerals DO NOT work. Trace minerals help assimilate vitamins.*
- Gardens and Plants**—A study done by Rutgers University and other studies done by the USDA noted the severe mineral imbalance and depletion in American soil. For years many avid gardeners have used ConcenTrace® on their gardens as well as in the flower beds. It is also very beneficial to house plants when diluted with water. See the difference in your plants.
- Pets**—Ever noticed your pet eating grass or dirt? More than likely your pet is lacking essential minerals. For years, pet owners have added ConcenTrace® to their pet's food and water.
- Athletic performance**—There are many examples of improved athletic performance including improved cardiovascular performance to improved blood serum nutrients.*
- Body Building**—A study of a number of international body builders using ConcenTrace® reported excellent results.*
- Add to Carbonated Beverages**—A recent study has shown that a few drops per glass balances soda pop to greatly reduce the potentially harmful effects of carbonation.
- Magnesium Supplement**—One of the highest quality, least expensive, most assimilable magnesium supplements on the market.*
- Cooking**—Studies show mineral depletion in our soils. We frankly are not getting the minerals in the foods we eat. ConcenTrace® remineralizes these foods and adds flavor.*

Compare and See Why We're Better Than The Rest!

- Water soluble**—easy to assimilate, electrolyte form, more energy.
- Concentrated**—easy to use, low cost.
- Body Fluid Balanced**—low sodium.
- All natural, nothing added**—use with confidence.

Available in these sizes:

- 2 oz.—3 week supply
- 4 oz.—6 week supply
- 8 oz.—3 month supply
- 90 tablets—30 day supply
- 300 tablets—100 day supply
