

Ultra Mangosteen contains added fruit juice extracts and concentrates that possess important nutrients for better health.

Mangosteen Whole Fruit Extract—xanthenes, catechins, polyphenols, polysaccharides, potassium, phosphorus, calcium, iron, and vitamins B1, B2, B6 and C.

Goji Berry Extract—rich in antioxidants, amino acids, polysaccharides, carotenoids, vitamins B1, B2, B6, C and E.

Pomegranate Concentrate—naturally rich in antioxidants, including polyphenols, tannins, punicalagin, anthocyanins and ellagic acid, which are members of the polyphenol family; they possess unmatched antioxidant fighting characteristics to promote healthy cardiovascular function and to reduce oxidative stress on the cells.†

Blueberry Concentrate—rich in antioxidants with a high ORAC* value to help resist oxidative stress; good source of vitamin C, fiber; high in flavonoids called anthocyanosides. Anthocyanosides help in maintaining the integrity of blood vessels, as well as helping to stabilize collagen. They are also potent antioxidants.†

Cranberry Concentrate—vitamin C, Vitamin A, potassium, fiber and rich in flavonoids to promote healthy cardiovascular function as well as healthy urinary tract function.†

Lychee Concentrate—vitamin C, phosphorus and copper.

Grape Seed Extract—contains a concentrated source of oligomeric proanthocyanidins (OPCs) a potent antioxidant 20 times more potent than vitamin C and 50 times more concentrated than vitamin E†; also rich in polyphenols.

Grape Skin Extract—a great source of oligomeric proanthocyanidins (OPCs) (see Grape Seed Extract), vitamin C and bioflavonoids.

Red Grape Concentrate—vitamin C, manganese, fiber and potassium. Contains a bioflavonoid known as quercetin which works as an antioxidant to stimulate the immune system.†

Mixed Fruit Concentrate—Pear: vitamin C, copper, potassium; Peach: vitamin C, antioxidants, carotenoids and bioflavonoids; White Grape.

* The ORAC (Oxygen Radical Absorbance Capacity) assay is a laboratory measure of in vitro antioxidant capacity.
