

# Greens Pak

Greens Pak is a great-tasting, easy-to-mix phyto-nutrient powder that is loaded with energy-packed raw whole foods, super fruits, antioxidant foods, vegetables, enzymes, probiotics, fiber and plant extracts to help energize your body.† These “Super-Foods” are the foods we should eat daily for optimum health and wellness.† However, most of us don’t get them in our standard diet.

The organic green plants, healthy herbs and spices, natural food concentrates, and antioxidant rich fruits and vegetables in Greens Pak provide the necessary nutrients your body needs to help fight against roaming free radicals and to balance out a diet that is typically missing these key nutrients.†

A super blend of completely natural vitamins, ConcenTrace® ionic trace minerals, enzymes, phytonutrients and symbiotic intestinal flora helps to provide your body with added energy, increased metabolism, efficient digestion and detoxification, and helps strengthen your body’s natural defenses for heightened rejuvenation and longevity.† Take Greens Pak every day and your body will love you!

# Reds Pak

Reds Pak is a full-spectrum antioxidant supplement of energy-packed whole foods and extracts, super fruits, vegetables, and other essential nutrients for superior health.† Reds Pak is designed to help maintain cellular integrity, promote cardiovascular health and immune system function, provide increased energy, support healthy digestion, and fight against free-radical damage.†

Reds Pak features antioxidant-rich super fruits like açai, goji, and mangosteen that contain powerful phytonutrients like xanthones and polyphenols, which are potent antioxidants that fight roaming free radicals in the body for increased cellular integrity and function.† Nutrients in these super fruits may also help support healthy immune system function, increase energy, and much more.†

Reds Pak also contains a Proprietary Liver Support Blend and an Enzymes & Probiotics Blend that work together to support healthy digestion and aid in the processing and elimination of harmful toxins.† The digestive enzymes help break down macronutrients for absorption while the probiotics help boost production of the beneficial cultures that naturally reside in the digestive tract for good gut flora and healthy bacterial balance of the intestines.†

To complete the formula, we supercharged Reds Pak with ConcenTrace®, a complex of over 72 ionic trace minerals and elements that helps increase the assimilation and absorption of nutrients.†
